In such an event, the Issuer shall refund the application money, if any, collected in respect of that Tranche without assigning any reason.

12. RISK FACTORS:

- (a) Inflation risk: This arises when the rate of inflation increases. This will erode the value of your investment as the purchasing power of the bonds' coupons/ yield and principal falls.
- (b) Interest rate risk: Bond prices are inversely affected by interest rate movements. A rise in interest rates could see a fall in bond prices. If interest rates fall, buyers pay a higher price to receive a coupon that is higher than the prevailing market rates.
- (c) Call risk: Some bonds have a callable feature which gives the issuer an option to buy back (redeem) the bond before its maturity date at a predefined date. If a bond is called when prevailing interest rates are lower than at the time you bought it, you will be exposed to reinvestment risks.
- (d) Credit risk: Bonds are forms of debt, so bond prices will be affected by the perceived credit quality or probability of default of the bond issuer. When an issuer defaults, you may lose all or a substantial part of your investment.

- (e) Liquidity risk: Bonds are usually less liquid than equity. This may happen if the investors of a particular bond issue are largely buying to hold, so there are fewer buyers and sellers. This may make it harder to buy or sell the bonds. Even in cases where the bonds are listed or traded on an exchange, there is no certainty that a liquid secondary market will develop.
- (f) Market risk: A bond's price/ value will fluctuate with changing market conditions, including the forces of supply and demand and interest rate changes.
- (g) Reinvestment risk: In an environment of declining interest rates, investors may have to reinvest the income received and any return of principal at lower prevailing rates.

Detailed Rationale

CRISIL Ratings has assigned '**CRISIL AAA/Stable**' ratings to Rs 35,000 crore of Non-Convertible Debentures (NCDs) of Small Industries Development Bank of India (SIDBI) and reaffirmed its '**CRISIL AAA/Stable/CRISIL A1+**' ratings on existing debt instruments of the entity.

The ratings continue to reflect the support that the bank receives from the government of India (GoI) because its pivotal public policy role in India's micro, small and medium enterprises (MSME) sector. The ratings also factor in the bank's robust capitalisation and healthy resource profile. The asset quality in the direct finance portfolio, though improving, remains weaker than that of the refinance book.

The bank's portfolio grew to Rs 4,84,933 crore as on March 31, 2024 from Rs 3,77,996 crore a year earlier, marking a year-on-year (y-o-y) growth of 28%, on a consolidated basis. Indirect finance book accounted for 94% of this overall portfolio (80% refinanced to Banks, SFBs and FIs; 12% refinanced to NBFC's and 2% refinanced to MFI's) and direct finance accounted for the remaining 6%. On a standalone basis, the loan portfolio stood at Rs 4,56,015 crore as on March 31, 2024, as against Rs 3,56,439 crore a year earlier. Over the first six months ended September 30, 2024, however, the loan portfolio dipped marginally to Rs 4,55,564 crore driven by a decline of 0.7% in indirect finance book.

Analytical Approach

CRISIL Ratings has combined the business and financial risk profiles of SIDBI, and its subsidiaries given the operational, managerial and financial linkages among the entities. Furthermore, the ratings continue to factor in the expectation of strong support from the government.

Please refer Annexure - List of entities consolidated, which captures the list of entities considered and their analytical treatment of consolidation.

Key Rating Drivers & Detailed Description

Strengths:

Continuation of strong support from the government given SIDBI's key public policy role in India's MSME sector

SIDBI plays an important role in channeling finance to MSMEs and implements government initiatives for MSMEs, which is a major driver for India's manufacturing output. In addition, Micro Units Development and Refinance Agency (MUDRA), which lends to micro/small business entities, has been set up as a wholly owned subsidiary of SIDBI.

SIDBI played a pivotal role in implementing the different schemes of the government and the RBI to support the MSME sector after the pandemic. Since the onset of Covid-19, the RBI has allotted Rs 46,000 crore under three tranches of SLF to support MSMEs. Furthermore, SIDBI enhanced the scope of its current schemes, such as SIDBI Make-in-India Soft Loan Fund for Micro Small and Medium Enterprises and SIDBI Assistance to Facilitate Emergency response against Coronavirus, to support the MSMEs affected by pandemic-induced lockdowns. Subsequently, SIDBI has been instrumental in implementing schemes like EVOLVE, cluster development scheme, PM Vishwakarma, PM Swanidhi and others which were launched with the objective of supporting the growth, expansion and formalisation of the MSME sector.

The government is likely to continue supporting SIDBI given its role as the nodal agency for implementing public policies and channeling credit in the MSME sector.

Robust capitalisation

Capitalisation is supported by sizeable standalone networth of Rs 35,036 crore as on September 30, 2024, and Rs 31,717 crore as on March 31, 2024. On a consolidated basis, networth was Rs 34,147 crore as on March 31, 2024. Standalone overall capital adequacy ratio (CAR) was healthy at 19.5% as on September 30, 2024, having increased from 15.9% as on March 31, 2024 - lead by stipulated adoption of BASAL III norms for calculation of risk weights with effect from April 2024. On a consolidated basis, the overall capital adequacy ratio was 17.9% as on March 31, 2024.

Asset-side risks were adequately covered, with nil networth to net non-performing assets (NPAs) ratio as on March 31, 2024 (as net NPAs were negligible) on a consolidated basis as against 3,272 times, a year prior.

Subsequent to implementation of BASAL III guidelines from RBI with effect to April 1 2024, the minimum leverage ratio prescribed is 4 times which translates to around 24 times of Tier 1 capital, vis-à-vis earlier approved limited of 18 times of NOF (net own funds) by RBI

for SIDBI. On March 31, 2024, the leverage ratio (including deposits) stood at 15.0 times (both consolidated and standalone) whereas on September 30, 2024, leverage was 13.5 on a standalone basis.

Healthy and diversified resource profile

Borrowings (including deposits), on a consolidated basis, were Rs 5,11,961 crore as on March 31, 2024 (Rs 4,00,604 crore as on March 31, 2023), of which deposits and bonds/debentures formed 47% and 19%, respectively. On September 30, 2024, borrowings (including deposits) were Rs 4,73,192 crore. The bank has access to funds at low interest rates under the special refinance schemes of the RBI. Resource profile has remained supported by stable traction in deposits allocated under the MSE refinance fund of SIDBI.

Cost of borrowings for the bank was 5.2% (based on average of year-end numbers) in fiscal 2024 against 4.1% in fiscal 2023. While there was a slight uptick in the same to 6.0% during six months ended September 30, 2024 owing to the tail effect of macro interest rate scenario, SIDBI continues to mobilise funds at competitive rates.

Weakness:

Asset quality for the direct finance portfolio, though improving, remains a monitorable

Asset quality metrics of direct finance portfolio were impacted in prior years owing to slippage of a few large ticket exposures. However, SIDBI wrote off these legacy stressed accounts in fiscal 2022 and since then, NPAs from the direct finance portfolio have been stable and low.

As on September 30, 2024, GNPA for the direct finance portfolio stood at 0.32% (standalone) whereas for the indirect finance portfolio – GNPA was even lower at 0.01% (standalone) on the same date. At an overall level, GNPA stood at 0.01% on September 30, 2024 as against 0.02% and 0.01% on March 31, 2024 and March 31, 2023.

Liquidity: Superior

The asset liability maturity profile as on September 30, 2024, is well matched across most buckets except the 0-6 months bucket where there is a negative cumulative gap. This gap is expected to be covered by uninterrupted rollover of liabilities during those respective time buckets.

As on October 31, 2024, SIDBI had total liquid investments of Rs 72,784 crore in the form of cash and bank balance (Rs 19,595 crore) and investment in government and other securities (Rs 46,814 crore). This balance excludes the benefit of inflows through scheduled collections. Against this, the scheduled debt obligations for the succeeding 3 months (November 2023 to January 2025) were Rs 89,877 crore.

Outlook: Stable

SIDBI is likely to continue to receive operational and funding support from the government and will maintain healthy capitalisation and resource profile over the medium term.

Rating Sensitivity Factors

Downward factors

- Any change in the support philosophy of the Govt or decrease in government shareholding, directly or indirectly (through quasi-government entities), below 51%
- Sharp weakening of the asset quality affecting profitability and capital levels

Rationale and key rating drivers

CARE Ratings Limited (CARE Ratings) has reaffirmed Small Industries Development Bank of India (SIDBI's) ratings at 'CARE AAA; Stable / CARE A1+'. Ratings continue to factor SIDBI's role as the apex financial institution (FI) for promotion and development of the micro, small and medium enterprises (MSME) sector in India, healthy capitalisation levels, strong resource profile, sound asset quality, and comfortable liquidity. Ratings also factor in Government of India's (GoI) and Reserve Bank of India's (RBI) support through budgetary allocations, continued access to the MSE Refinance Fund, equity contributions, guarantees for foreign currency borrowings, and governance.

Rating sensitivities: Factors likely to lead to rating actions

Positive factors: Factors that could individually or collectively lead to positive rating action/upgrade:

Not applicable

Negative factors: Factors that could individually or collectively lead to negative rating action/downgrade:

- Any material changes in the government support and/or strategic role played by SIDBI in supporting the MSME sector.
- Significant dilution in the ownership by GOI and public sector entities.
- Deterioration in SIDBI's asset quality with gross non-performing asset (GNPA) ratio increasing to more than 3% of the total advances.
- Deterioration in SIDBI's standalone credit profile, including its profitability, liquidity and/or capitalisation metrics.

Analytical approach: Standalone

CARE Ratings has adopted standalone approach for analysing SIDBI, factoring in expected support from GoI. Funding requirements of subsidiaries have also been taken into consideration.

Outlook: Stable

Stable outlook factors in the continued support from the GOI, and that SIDBI will maintain healthy capitalisation, asset quality, and resource profile going forward.

Detailed description of key rating drivers:

Key strengths

Strategic role in MSME development backed by GOI

SIDBI was established as an apex financial institution under an Act of Parliament in 1990 to promote, finance, and develop the MSME sector in India. As the nodal agency for MSME development, SIDBI receives consistent support from GoI and RBI through budgetary allocations and access to the MSE Refinance Fund. Major shareholders include GoI (20.85%), State Bank of India (SBI; 15.65%), Life Insurance Corporation of India (LIC; 13.33%), and National Bank for Agriculture and Rural Development (NABARD; 9.36%), while rest is held by public sector banks. SIDBI plays a key role in MSME financing through direct and indirect lending, refinancing for banks and NBFCs, and schemes such as support for marginalised individuals for livelihood and enterprise (SMILE), credit guarantee fund trust for micro and small enterprises (CGTMSE), micro units development & refinance agency (MUDRA), and trade receivables electronic discounting system (TReDS). It also promotes digital access via platforms including Udyamimitra and the GST Sahay application. With GoI-nominated directors, SIDBI is expected to continue receiving strong capital and managerial support to boost MSME credit.

Healthy capitalisation levels

SIDBI's strong capitalisation is reflected in its standalone net worth of ₹ 33,868.24 crore as of September 30, 2024, and ₹30,040 crore as of March 31, 2024. Under Basel III norms effective April 2024, it exceeds the required capital adequacy ratio (CAR), Tier 1, and common equity tier (CET) 1 ratios (9%, 7%, and 5.5%) with 19.49%, 18.45%, and 18.45%, respectively, as of September 30, 2024. SIDBI will no longer require borrowing limit approval from RBI (as on March 31, 2024, the limit was 18x of net owned funds). Instead, it can now maintain leverage up to 24x of Tier 1 Capital. On March 31, 2024, the leverage ratio (including deposits) stood at 15.88x (standalone), whereas on September 30, 2024, leverage was 13.97x. A proposed ₹10,000 crore capital infusion from GoI is expected to further strengthen its capital profile.

SIDBI's wholly owned subsidiaries are adequately capitalised and there is no anticipated requirement for debt or capital support from the parent company in the near-to-medium term.

Strong resource profile

SIDBI's strong resource profile relies on domestic borrowings, low cost MSE Refinance Funds, and marginal overseas borrowings (mostly GoI-guaranteed). As of March 2024, domestic borrowings formed 56.06%, MSE Refinance Funds 40.63%, and overseas borrowings 0.66% of the total. In H1FY25, domestic borrowings were 55.39% of total borrowings, and MSE refinance fund was 40.32%, while overseas borrowing was 0.51%. In FY24, it was allotted ₹50,000 crore in MSE Refinance Funds, receiving ₹24,000 crore. While MSE Fund allocation may decline as banks meet PSL targets, SIDBI is expected to maintain access to competitive funding, leveraging its apex FI status.

Stable profitability metrics

Due to cap on lending margins in MSE refinance business and significant share of MSE funds in its overall liabilities, SIDBI's earnings profile, particularly its return on assets (RoA), remains constrained and susceptible to regulatory changes. In FY24, SIDBI's advances grew ~27.94% from ₹3,56,439 crore in FY 23 to ₹4,56,015 crore, driven by higher-cost market borrowings compared to low cost MSE refinance funds, which led to increased borrowing and lending rates. Total income rose 72.80% due to higher interest income, with yields increasing to 6.86% in FY24 from 5.60% in FY23. Improved interest spreads (1.43% vs. 1.34%) offset rising finance and operating costs, including a ₹500 crore contribution to CGTMSE. Opex-to-assets rose to 0.40% (or 0.30% excluding CGTMSE) from 0.25% in FY23, while credit costs increased, moderating return on total assets (RoTA) to 0.87% (vs. 1.03% in FY23). As on September 30, 2024, the advances stood at ₹4,55,564 crore while net income margin (NIM) and RoTA stood at 1.84% and 1.27%, respectively, aided by lower credit costs of 0.02%.

Strong asset quality susceptible to risk in direct lending

SIDBI's asset quality has improved, with 93.65% (FY23: 94.42%) of its portfolio in indirect financing (banks, NBFCs) as of March 31, 2024. Share of refinancing to banks decreased, while NBFCs and MFIs grew. As on March 31, 2024, while refinance to banks form the highest share of the total portfolio at 79.62%, followed by NBFCs (12.11%) and MFIs (1.92%); on a y-o-y basis, the proportion of refinancing to banks reduced by 4.03% with increase in share of refinancing to NBFCs, direct financing and MFIs by 2.74%, 0.75% and 0.55%, respectively. The concentration of top 10 exposures in the total exposure remained high at 63.21% as on March 31, 2024 (67.85% as on March 31, 2023), however, this concentration risk is mitigated by low credit risk associated with bank refinance portfolios. As on September 2024, refinance to banks continued to form the highest share of the total portfolio at 79.24%, followed by NBFCs (~12.13%) and MFIs (1.68%).

Further in conjunction with significant growth in the advances GNPA and net NPA (NNPA) ratios stood stable at 0.02% and 0.00%, respectively, as on March 31, 2024. Total restructured book formed 0.12% of the total loans and advances. Asset quality remained comfortable in H1FY25, with GNPA at 0.01% as on September 30, 2024. For the direct finance portfolio stood at 0.32% (standalone) whereas for indirect finance portfolio – GNPA was even lower at 0.01% (standalone).

Asset quality metrics in the direct lending book is comparatively weaker than the refinance book, although the impact on overall asset quality metrics has been negligible. CARE Ratings expects SIDBI's asset quality to remain strong as its exposure is primarily in indirect finance majorly, which comprises banks and high-rated NBFCs, and exposure in the direct financing segment is marginal.

Liquidity: Strong

SIDBI's liquidity profile is strong as major portion of its loan book comprises refinance book with average period being 1-1.5 year, which is largely funded through rural infrastructure development fund (RIDF) deposits and long-term borrowings of a similar maturity. However, asset and liability management (ALM) statement as on September 30, 2024, exhibits negative cumulative mismatches in 29 days to three months bucket, 3-6 months and six months to one year bucket, which is expected to be filled through roll over of debts. It also has investments that are highly liquid and can be called at any time.

As of September 30, 2024, liquid investments totalled ₹39,908 crore, including cash and bank balances (₹19,795 crore) and government securities (₹27,067 crore). This excludes scheduled collections, while scheduled debt obligations for the next three months stood at ₹42,602 crore. Due to its status as an apex financial institution, and that it is owned by GoI and its entities, SIDBI has strong access to capital market, which further strengthens its liquidity position.

Independent Auditor's Limited Review Report on Unaudited Standalone Financial Results for the quarter & nine months ended December 31, 2024 of Small Industries Development Bank of India pursuant to requirement of the Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

To,
The Board of Directors
Small Industries Development Bank of India

1. We have reviewed the accompanying statement of Unaudited Standalone Financial Results of Small Industries Development Bank of India (the "Bank") for the quarter & nine months ended December 31, 2024 ('the statements'), attached herewith, being submitted by the Bank pursuant to the requirement of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").

2. Management Responsibilities for the Financial Information

The Statement, which is the responsibility of the Bank's Management and has been approved by the Bank's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Accounting Standards-25 Interim Financial Reporting (AS-25) notified by the Institute of Chartered Accountants of India, the Small Industries Development Bank of India General Regulations, 2000, the circulars, guidelines and directions issued by Reserve Bank of India from time to time (RBI guidelines) and the other accounting principles generally accepted in India and is in compliance with the presentation and disclosure requirements of the Listing Regulations, 2015 including relevant circulars issued by the SEBI from time to time. Our responsibility is to issue a report on the Statement based on our review.

3. Scope of Review

We conducted our review of the Statement in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit.

4. Other Matters:

Included in these Financial Results are the relevant returns of Mumbai Offices reviewed by us which covers 93.64% of Advances, 96.30% of deposits, 100% of Borrowings as on December 31, 2024. In conduct of our review, we have relied upon various information and returns received from remaining branches of the Bank not visited by us for the purpose of review and generated through centralized data base at Bank's Head Office.

5. Conclusion

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited standalone financial results prepared in accordance with applicable accounting standards, the RBI Guidelines and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) including the manner in which it is to be disclosed, or that it contains any material misstatement or that it has not been prepared in accordance with the relevant prudential norms issued by the Reserve Bank of India in respect of income recognition, asset classification, provisioning and other related matters.
