Small Industries Development Bank of India (SIDBI), the principal financial institution engaged in the promotion, financing and development of Micro, Small and Medium Enterprises (MSMEs) has launched various Initiatives focused on Cluster Development under its developmental ambit.

SIDBI has already launched various cluster development initiatives like the #clusters4prosperity series, skill development and market linkages to support MSMEs. These initiatives have helped in the development of clusters across the country. Currently, SIDBI is working with over 600 clusters of MSMEs across 18 states, providing a wide range of services to uplift and support these clusters.
सीडबी एमएसई विकास पर नियमित रूप से प्रकाशन, नीतिगत दस्तावेज आदि प्रकाशित करता रहा है। क्लस्टर विकास को बढ़ावा देने के लिए सिडबी ने "क्लस्टर का डायनामिटिक मैपिंग" - हस्तक्षेप के माध्यम से आगे का मार्ग प्रशासक करना" नामक पहली सूचना श्रृंखला शुरू की है जिसका लोकार्पण श्री देबाशीष पांडा, सचिव, वित्तीय सेवा विभाग (डीएफएस) ने। इसके तौर पर, सिडबी 100 क्लस्टरों का निदान करने और 15 क्लस्टरों में प्रक्रिया योजना झालो लागने के लिए तैयार है।

SIDBI has been regularly bringing publication, policy papers etc. on MSME Development. To kindle cluster development SIDBI has, by the hands of Shri Debasish Panda, Secretary, Department of Financial Services (DFS), Ministry of Finance (MoF), Government of India (GoI) launched the first Information Series titled as “Diagnostic Mapping of Cluster- Charting the Path ahead through Intervention”. The book marks the commencement of focused attention of SIDBI on Clustering Strategy aimed towards building and supporting sustainable growth of MSMEs. It compiles the findings that emerged out of diagnostic studies in 30 clusters. It contains recommendations and action plan for financial and non - financial issues, interventions suggested at the policy, cluster and unit level. SIDBI is geared up to undertake diagnostics of 100 clusters and plan engagement in 15 clusters.

इस अवसर पर श्री सिन्धुब्रमणियन रमण, अध्यक्ष एवं प्रबंध निदेशक, भारतीय लघु उद्योग विकास बैंक (सिडबी) ने अपने उद्गार प्रकट करते हुए कहा कि “सिडबी ने एमएसई क्लस्टर के माध्यम से स्थानीय, क्षेत्रीय, राष्ट्रीय और वैश्विक मूल्य श्रृंखला में अभिवृद्धि की दृष्टि से
On this occasion, Shri Sivasubramanian Ramann, Chairman and Managing Director, SIDBI said, “SIDBI has identified a multi-pronged strategy to impact local, regional, national and global value chain through MSE clusters. We are giving a thrust to hard infrastructure support to state governments. DFS GoI and Reserve Bank of India have supported us in setting up the SIDBI Cluster Development Fund. The soft infrastructure engagement shall complement the hard infrastructure. In line with cluster experts we have initiated the mapping exercise of 100 clusters such that the implementation by SIDBI and other institutions can lead to sustainable growth of clusters.”

Since the typology of Cluster Development generally involves hard and soft infrastructure aspects, to address the Soft Infrastructure aspects SIDBI has launched the Business Development Services Intervention Program in 5 Clusters [Tourism Cluster – Jammu & Kashmir; Delhi-NCR Innovation Cluster; Jodhpur wood furniture cluster, Sambalpur Textile cluster, Chennai Leather Cluster] today. The holistic aim of the intervention is to strengthen Clusters to evolve as model Clusters and also to increase MSMEs’ access to services thus rising up the value chain.

Since 1990, SIDBI has been working towards empowering SMEs by providing them access to credit, infrastructure and other facilities.
About SIDBI: Since its formation in 1990, SIDBI has been impacting the lives of citizens across various strata of the society through its integrated, innovative and inclusive approach. Be it traditional, domestic small entrepreneurs, bottom-of-the-pyramid entrepreneurs, to high-end knowledge-based entrepreneurs, SIDBI has directly or indirectly touched the lives of Micro and Small Enterprises (MSEs) through various credit and developmental engagements. SIDBI 2.0 carries the vision of inclusive, innovative and impact-oriented engagements.
